

Unlocking Opportunities:

**Erasmus Mundus
Scholarships for
2024/2026**

Introduction

Welcome to the presentation on *Unlocking Opportunities: Erasmus Mundus Scholarships* for **2024/2026 Master's Degree programs**. This session will provide valuable insights into the application process and benefits of three different Erasmus Mundus scholarships.

- Cyberspace Behavior and e-Health (CYBER)
- AI applied to Image Processing and Computer Vision (IPCVAi)
- European Master in Sustainable System Engineering (EMSSE)

Benefits of Erasmus Mundus Scholarships

Erasmus Mundus Scholarships provide various benefits, including full tuition coverage, monthly stipend, travel allowance, and access to a vibrant international network of scholars and professionals.

What are Erasmus Mundus Scholarships?

Erasmus Mundus Scholarships are prestigious **fully-funded** scholarships offered to international students for pursuing **Master's degree programs** in Europe. These scholarships aim to promote **international cooperation** and **academic excellence**.

Cyberspace Behavior and e- Health (CYBER)

CYBER is an innovative and **transdisciplinary postgraduate programme** to train candidates with Human Behaviour Background (HBB), and Exact Sciences and Engineering Background (EEB) to intervene in human behaviour by means of digital processes, products, and systems (PPS).

Image Processing and Computer Vision (IPCVAI)

The IPCV AI Master aims to cover the interdisciplinary fields of image processing and computer vision, which derive from topics such as electrical engineering, applied mathematics, computer science, and computer engineering, all covered by our consortium, with increased content of artificial intelligence (AI) neural models applied to the IPCV domain.

European Master in Sustainable System Engineering (EMSSE)

EMSSE places a special emphasis on Sustainable Systems Engineering, equipping students with the

knowledge and skills to create systems that are efficient, cost-effective, and environmentally friendly.

Phases

CYBER

application 12/2023

EMSSE

application 08/01/2024

1 step done
13/02/2024
2 step done
/02/2024
application result
04/2024

Future Opportunities and Networking

Erasmus Mundus Scholarships open doors to a world of opportunities, including **internships**, **research collaborations**, and access to a **global alumni network** for continued **professional growth** and development.

Thanks!
